Geography Minor

[← Return to: Programs](#)

18 hours

Geography is fundamental to understanding our location and relationship to the planet on which we live. Geographic literacy is vital in our increasingly global and connected society on a planet experiencing rapid social, political, technological, and environmental change. Spatial thinking is a required skill for both cadets and civilian students. Geography teaches quantitative, qualitative, analytical, and critical thinking skills through group projects, field trips, labs, and global studies. Geospatial technology is a high growth industry making these skills employable and geography students marketable. This minor is an applied geography minor focused on strategic and functional aspects of geography.

Minor Requirements

Note: Courses taken to satisfy Core IMPACTS may not be counted as coursework in the minor. In this case, students should choose an additional GEOG course from those listed. A minimum of 9 hours at the 3000–4000 level is required. Please check the course descriptions or meet with an advisor as courses may have prerequisites.

Required Courses - 7 hours

- [GEOG 1101 – Introduction to Human Geography](#)
- [GEOG 1111K – Introduction to Physical Geography](#)

Elective Courses

Select at least 11 hours (at least 9 hours at the 3000 and 4000 level)

- [GEOG 1102 – World Regional Geography](#)
- [GEOG 1112 – Introduction to Weather and Climate](#)
- [GEOG 1112L – Introduction to Weather and Climate Lab](#)
- [GEOG 1530K – Introduction to Oceanography](#)
- [GEOG 2010 – Geography of East Asia](#)
- [GEOG 2901 – Special Topics in Geography](#)
- [GEOG 2902 – Special Topics in Geography](#)
- [GEOG 2903 – Special Topics in Geography](#)
- [GEOG 3010 – Military Geography](#)
- [GEOG 3200K – Earth Systems](#)
- [GEOG 3300K – Process Geomorphology](#)
- [GEOG 4000K – Environmental Geography](#)
- [GEOG 4200K – Biogeography](#)
- [GEOG 4500K – Environmental Impact Assessment](#)
- [GEOG 4910 – Introduction to Research Methods](#)
- [GEOG 4920 – Introduction to Research Methods](#)
- [GEOG 4930 – Introduction to Research Methods](#)
- [GISC 2011 – Geographic Information Science](#)
- [GISC 2011L – Geographic Information Science Lab](#)
- [GISC 3021K – Geospatial Science and Technology](#)
